NABR NETWORK AND ARIZONA-BASED CALIBER SOFTWARE ENTER INTO SOFTWARE INTEGRATION PARTNERSHIP

The integration offers association management companies a one-stop management software and communication solution.

Addison, Texas (September 21, 2015) – Jeff Miles, president and CEO of Nabr Network, announced today a new partnership with Caliber Software. Caliber is a full accounting and integrated property management software product designed for management companies and self-managed HOAs.

Community management companies who use Caliber now have a new, easy-to-use way to inform and engage their communities.

Nabr Network's integration with Caliber's products allows community association managers – and residents – seamless access to account information anytime, anywhere. This partnership provides managers with a one-stop management and communication solution.

“We’re excited about what this partnership means for Caliber’s customer base,” Miles said. “By integrating with Nabr Network, Caliber can now also offer their users easy access to our complete communication tool. Having Nabr Network on their side is going to help these management companies demonstrate the value that they bring to their associations.”

Nabr Network is the industry’s most comprehensive private communication platform and web presence-- specifically developed for community associations. Nabr Network goes beyond traditional websites and email blasts to deliver time-sensitive alerts, reminders and event notifications on the devices that residents prefer to use. Nabr Network’s one-touch communication platform provides management companies and associations the ability to push news through mobile app, text, email, Community Feed and automated web updates.

The Nabr Network app is available through the App Store and Google Play.

About Caliber Software
