GEORGIA-BASED HOA PARTNERS WITH NABR NETWORK TO PROVIDE RESIDENTS A BRANDED COMMUNICATION APPLICATION

Lewisville, Texas (November, 2015) – Jeff Miles, president and CEO of Nabr Network, has announced that The Gramercy Condominiums HOA is partnering with Nabr Network to create a branded application that will serve as the official private communications tool for Association.

The Gramercy is located in Dunwoody, Georgia.

Nabr Network will provide the technology, training and support for The Gramercy app. The Nabr Network platform provides a dynamic way for The Gramercy residents to positively interact in real-time concerning neighborhood news, professional services and common interests.

“A branded app from Nabr Network is a great way for The Gramercy to differentiate itself,” remarked Miles. “Being able to show potential homebuyers that the HOA is committed to communication is huge. A branded application can help cultivate that sense of community living that so many HOAs desire.”

The Gramercy App is available in the App Store and Google Play.

About Nabr Network

Nabr Network is a comprehensive online and mobile communication tool, specifically developed for managers and residents of Community Associations. Nabr Network is headquartered in Texas. Additional information is available at www.nabrnetwork.com.
