NABR NETWORK ANNOUNCES NEW PARTNERSHIP WITH HOUSTON-BASED PREFERRED MANAGEMENT SERVICES, AAMC®

The new mobile and web application Preferred Link is improving communication in the associations they manage

Lewisville, Texas (October 3, 2017) –Nabr Network, the leading mobile and web communication system built specifically for community management companies and their associations, announced that Preferred Management Services, AAMC® (Preferred) has joined their growing client list. Nabr Network is providing Preferred and the communities they manage with a branded mobile app and web presence: Preferred Link.

The Houston-based association management company is using Preferred Link to improve communication in the associations they manage.

“Preferred Management Services, AAMC® is excited about working with Nabr Network to provide a fresh new way of communicating with our homeowners. Our homeowners enjoy the ease of using the Preferred Link App to quickly see their account information, Association documents, news and the ability to communicate with neighbors. Working with Nabr Network has been stress free and they have implemented several of our suggestions,” said Preferred President, Patti Tine Moody.

“One of our goals is to increase resident self-service opportunities,” remarked James Garner, vice president of business development at Nabr Network. “Preferred Link puts the power in the hands of the homeowners to access HOA news and account information.”

“We listen to feedback from our clients. Preferred brought some great suggestions and I’m glad we were able to develop solutions that could meet their needs.”

Nabr Network is the industry’s most comprehensive [private communication](#) platform and web presence-- specifically developed for community associations. Nabr Network goes beyond traditional websites and email blasts to deliver time-sensitive alerts, reminders and event notifications on the devices that residents prefer to use. Nabr Network’s one-touch communication platform provides management companies and associations the ability to [push news](#) through mobile app, text, email, Community Feed and automated web updates. Nabr Network’s [integrations](#) with leading industry accounting software companies allow homeowners seamless account access with a single login to their Nabr Network application.

Preferred Link is operated and supported by Nabr Network and the Nabr Network software platform.
